TO WHOM IT MAY CONCERN

I wholeheartedly recommend Malik Shahid Al Parvez for his exceptional performance as Chief Specialist at the Branch Office of the JSC “Atomstroyexport” (JSC “ASE”) in the People's Republic of Bangladesh (hereafter – JSC “ASE” in Bangladesh). His technical proficiency, collaborative approach, and dedication make him an invaluable asset to any organization.

Malik Shahid Al Parvez, starting in May 2019 as a position Specialist - First Category and currently serving as Chief Specialist in the Department of Telecommunications and Network Infrastructure at JSC “ASE” in Bangladesh, has showcased exceptional performance. Over his four-plus years at the Construction of the Rooppur Nuclear Power Plant with a total staff of over 19,000 people, he has earned four Individual Incentive for Supplements (IIS) salary promotions and two well-deserved job promotions.

He received the "Employee of the Year" award for 2021 and 2022, chosen by over 720 colleagues. His outstanding performance also earned repeated “Letters of Thanks” from top management.

Initially as a Specialist - First Category, oversaw the design, installation, maintenance, repair, and troubleshooting of structured cables, data center cables, and security systems. His progression to Main Specialist added IT technical support to his responsibilities, and his recent promotion includes overseeing IT procurement alongside his existing duties.

Malik Shahid Al Parvez is a modest, communicative, hard-working, and efficient professional with a non-confrontational approach. His mentorship qualities make him an excellent guide for young professionals. I highly recommend him for employment.

I am available and happy to discuss it if you have any further questions.

Yours sincerely,

Dmitry Zimovets,
Acting Head of the Directorate of Information Technology
